ENVIRONMENTAL, SOCIAL & GOVERNANCE

WE ARE DEDICATED TO HELPING BUSINESSES AND OCCUPIERS ACHIEVE THEIR SUSTAINABILITY GOALS

Our primary objective is to produce high quality real estate that delivers over the long term. We believe that focusing on ESG enables us to achieve this whilst providing excellent support for existing and growing businesses.

All units are designed to meet the needs of modern occupiers, combined with many design features to reduce energy usage, and running costs, throughout the lifetime of the building.

New and refurbished units will use the latest specification in cladding and roofing materials for high levels of insulation, together with increased roof lights to reduce reliance on lighting within the warehouse.

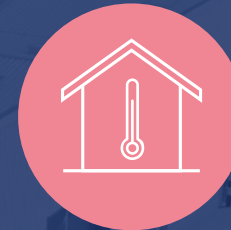

Patchway Enterprise Park's edge of city location means it is perfectly positioned to remove unnecessary mileage.

A substantial power supply is provided to the units, together with considerations for accommodating an electric last-mile fleet.

THE REFURBISHED UNIT PROVIDES THE FOLLOWING:

EPC A and BREEAM
"Very Good"

Insulation throughout the building performs 20% better than current building regulations

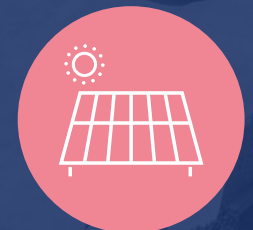

LED lights used for the offices and external lighting
